AddisFaktur
E-Invoicing for Ethiopian Businesses

VALUE PROPOSITION | For Ethiopian Merchants

More than Compliance.

Faster Cash Flow. Better Control. Business Growth.

Under Ethiopia's E-Invoicing Directive No. 1142/2026, invoices must be digitally signed using an INSA certificate and approved through the Ministry of Revenue's EIMS. AddisFaktur transforms this regulatory requirement into a business advantage by automating invoicing, accelerating VAT recovery, reducing compliance costs, and providing real-time visibility into your business.

Why AddisFaktur?

- **Real-time EIMS approval**
- **INSA-signed invoices and receipts**
- **10-year audit-ready records**
- **Automatic VAT, TOT, and excise tax calculations**
- **Ministry-compliant digital invoicing**
- **Integrated accounting and reporting**

KEY ADVANTAGE

Faster VAT Refunds and Input VAT Recovery

Every sales and purchase invoice is validated by the Ministry of Revenue's EIMS in real time.

Key Business Benefits

Better Cash Flow

Issue invoices instantly, reduce payment disputes, and accelerate collections through Ministry-approved invoices.

Reduced Compliance Risk

Ensure every invoice is digitally signed, EIMS-approved, and maintained in accordance with regulatory requirements.

Lower Operating Costs

Eliminate paper-based processes while automating tax calculations, reporting, and record management.

Real-Time Business Visibility

Monitor sales, tax obligations, invoice approval status, receivables, and branch performance from a single dashboard.

Automated Accounting

Approved invoices automatically generate accounting transactions, reducing manual work and reconciliation effort.

Stronger Customer Trust

Deliver invoices instantly via SMS and email with QR code verification and Ministry reference numbers.

Executive Statement

AddisFaktur helps merchants move beyond compliance and unlock real business value. With real-time Ministry-approved invoicing, automated accounting, faster VAT recovery, and complete visibility into input and output VAT transactions, businesses improve cash flow, reduce compliance costs, and operate with confidence.
